Concealed Weapons License Applications

Tax Collector George Albright is pleased to announce that the Marion County Tax Collector's Office has begun accepting applications for new concealed weapons licenses by appointment only.

Florida Commissioner of Agriculture, Adam H. Putnam partnered with Mr. Albright to support legislation that extends this opportunity to all residents of Florida. This office is one of the first tax collector offices statewide to offer this program to Florida constituents.

Florida concealed weapon licenses are processed by the Florida Department of Agriculture and Consumer Services. Due to rising demand, tax collector offices have been given authority to take applications, fingerprint the applicants and send the information securely to the department for final determination. The actual issuance of the license will be from Department of Agriculture in Tallahassee. There are currently more than 1.3 million concealed weapon permits in Florida, and the department processed more than 177,000 new licenses last fiscal year.

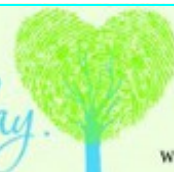

Don't waste time mailing your application in. Contact our office today to set up your appointment to submit your application in person at the Marion County Tax Collector's Office in the McPherson Government Complex, located at 503 SE 25th Ave, Ocala, FL 34471.

For more information or to schedule your appointment, please contact our office at 352-368-8200. You may also visit our website at www.mariontax.com to schedule an appointment online and to view application requirements.

If you have any questions concerning acceptable documentation that is not specifically listed, application disqualification reasons, convictions or felonies, you must contact the Department of Agriculture Public Inquiry Section at 850-245-5691 or you may visit www.freshfromflorida.com.
